

- Fresh water **aquarium LED tube**
- **Colour enhancement** of fish and corals
- Allow water plant **photosynthesis**
- Long Lifetime **30000h**
- Energy Efficiency **Class A+**
- Non-toxic & Mercury-free **replacement for fluorescent tubes**
- Designed and **Assembled in Poland**

1 box = 10 pcs

## AQUALINE TUBE

### ELECTRICAL PARAMETERS

- rated voltage 230V
- voltage frequency 50÷60Hz
- power factor >0.9
- power connection single-sided (IEC/EN 62776)

### OPTICAL PARAMETERS

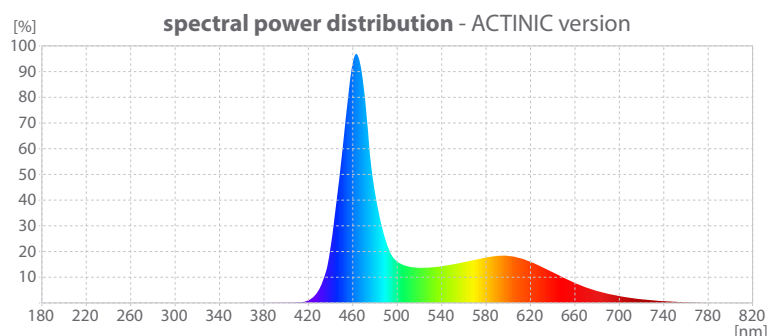

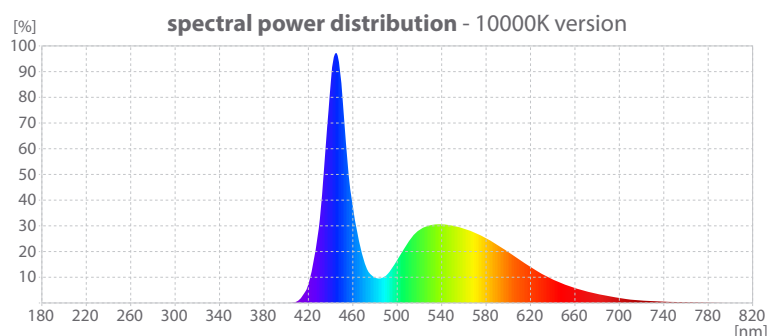

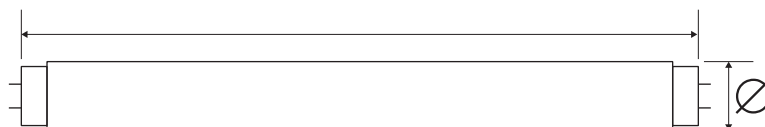

- correlated colour temperature >10000K / ACTINIC
- chromacity COLD WHITE
- rated beam angle 120°
- housing colour WHITE RAL9010

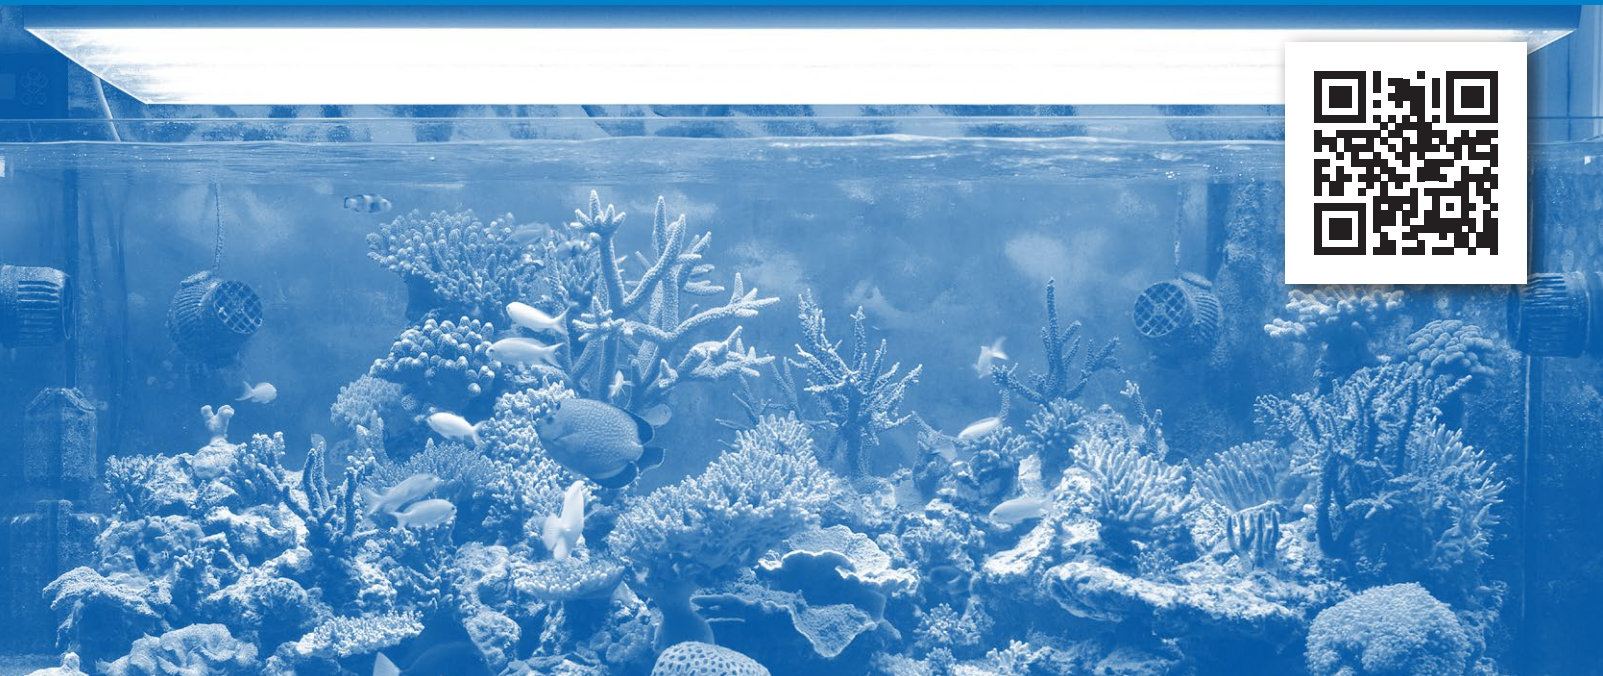

### MECHANICAL PARAMETERS

- housing material ALUMINIUM / PC
- IP protection IP20

### OPERATING PARAMETERS

- energy efficiency label A+
- rated lifetime >30000h
- lumen maintenance factor 80%
- switching cycle >30000X
- warm-up time up 60% of the full light INSTANT FULL-LIGHT
- starting time <0.2s
- operating temperature -25°C do +45°C
- t-case maximum +60°C
- dimmable YES
